### ABOUT ME

Get ready to level up your skills and career with Shawn Powell! Joining edOpp from the state of Louisiana, she brings a rich background in education spanning from work in teaching and educational leadership roles in the public, private, and higher education sectors. Driven by a profound passion for instilling a lifelong love of learning in every student, she is thrilled to embark on this journey with edOpp, an organization that shares her commitment to advancing education and fostering holistic student development. In her relentless pursuit of excellence, she has consistently raised standardized test scores, a testament to her commitment to data-driven teaching strategies that yield measurable results. Furthermore, her proven track record of integrating technology, including Microsoft Office, Google Suite, and Inventor software in Engineering, to create engaging and innovative learning experiences will support the diverse adult learner needs. Plus, will equip and empower students to stay current with the evolving corporate and organizational landscapes. Shawn is well-renowned in her community for presenting educational workshops on technology, curriculum development, math, and parent involvement in the learning process.

### EXPERIENCE

#### *Learning Facilitator, edOpp Solutions LLC*

Delivers innovative, intensive, and interactive multi-day/weeklong **Workforce Development (WFD)** learning programs and experiences in a defined area of expertise to meet the needs of an identified client or community partner. Utilizes a variety of teaching methods and materials that are appropriate for adult learners with diverse educational backgrounds, experiences, and learning styles. Continually improves the quality of instruction by researching and utilizing innovative methodologies, techniques, and delivery methods. Shares personal experiences and stories relevant to the subject matter to further support comprehension and real-world application. Researches literature and other materials to ensure learning programs and experiences are developed to the most current evidence-based practices in the subject of the learning program. Evaluates adult learners to measure their progress in achieving training/course objectives and encourage student reflection on learning progress. Strengthens student relationships by teaching to the heart, mind, and spirit. Champions edOpp Solutions to client and community partners.

#### *Adjunct Instructor/University Site Supervisor for Student Teachers in Residency, Northwestern State University*

Taught graduate and undergraduate students in education, educational technology, computer science, and special education. Provided academic and career advice to students and promote student leadership and enrichment experiences. Participated in the development and review of the curriculum.
