Each year my goal is to read at least 60

books."

ABOUT ME

April is a passionate educator that believes in positively impacting the learners that she serves through innovative, research-based curriculum and instruction. With over 15 years of experience teaching middle school-aged and adult learners, she strives to ensure that every student is able to grow and learn in new ways that allow them to contribute to their professions and communities. She contributes to the education community and edOpp Solutions by facilitating learning experiences, mentoring fellow educators, and developing age appropriate curriculum for organizations and districts.

EXPERIENCE

Learning Facilitator, edOpp Solutions LLC

Delivers innovative, intensive, and interactive multi-day/weeklong **Workforce Development (WD)** learning programs and experiences in a defined area of expertise to meet the needs of an identified client or community partner. Utilizes a variety of teaching methods and materials which are appropriate for adult learners with diverse educational backgrounds, experiences, and learning styles. Continually improves the quality of instruction by researching and utilizing innovative methodologies, techniques, and delivery methods. Shares personal experiences and stories relevant to the subject matter to further support comprehension and real-world application. Researches literature and other materials to assure learning programs and experiences are developed to the most current evidence-based practices in the subject of the learning program. Evaluates adult learners to measure their progress in achieving training/course objectives and encourages student reflection over learning progress. Strengthens student relationships by teaching to the heart, mind, and spirit. Champions edOpp Solutions to client and community partners.

8th Grade U.S. History Teacher, Dulles Middle School - Fort Bend Independent School District

Provide expertise in assigned content area and maintains current knowledge in curriculum and pedagogy to ensure that the application of knowledge is accessible and equitable to all students. Foster student learning through innovative teaching strategies and multiple instructional techniques; modeling appropriate level learning skills and creating an environment conducive to learning. Create high levels of student engagement through activities, community building, and student-centered learning. Mentor fellow teachers through the professional development sessions to ensure that the application of the curriculum is equitable and differentiated for all students. Collaborate with administration and staff to review campus data and develop improvement plans.
